Please observe our "Bulletin on Commercial Use". The current price list in Euro is in effect as of 01.01.2002, misprint and errors expected.

§3 The sales contract on licence(s) is effective by acceptance of your order by us. Highland Musikarchiv reserves the right to refuse selling the rights of use and stage rights to certain natural or legal entities and/or for certain application of music without any further explanation. In case of misapprehension or deception of Highland Musikarchiv on the buyer and/or the intended use, the buyer does not attain a right of use or stage rights on the music.

§4 Purchase price and packing & postage (p&tp) expenses are due with delivery for payment in one single amount without deduction. We charge default interest in the amount of 5% per annum over the respective discount interest rate of the Federal Bank of Germany.

§5 We charge p&tp flat rate of € 2,50 (Germany), respectively € 4,00 (European foreign countries) per delivery. Orders exceeding the values of € 125,00 are delivered free of p&tp charge within Europe. For delivery to non-European countries individual rates are agreed in due course of the order. §8a Rights of use and stage rights on Highland Musikarchiv music and sounds are not subject to revocation regulations due to the licenses not being covered by revocation regulations for goods and services according to German Civil Code (BGB §§ 312b et seqq.) of the Federal Republic of Germany.

§8b For all other items offered by Highland Musikarchiv the revocation regulations according to German Civil Code (BGB §§ 312b et seqq.) of the Federal Republic of Germany are as follows. Consumers may revoke the contract in writing (e.g. letter, fax, e-mail) within the legal period of 14 days after receipt of the delivery without indication of reasons. To comply with the term, sending off the goods within the 14 day period is sufficient. Addressee is Highland Musikarchiv (contact details see §1). Consequences of revocation: in case of effective revocation both sides have to return received benefits as well as - if applicable - realised gains (e.g. interest). If the buyer can not return received items in a condition as was when delivered, he has to compensate this damages. This clause is not applicable if the reduction in value resulted in sole examination of the item as would be normal in due cause of examination in a retail shop. Buyers may prevent any claim on compensation by handling the item not as own property and avoid any action in handling that may damage the items. Shipment costs are to be paid by the buyer if the items were delivered as ordered and the price of the returned items is less than 40.00 Euro or, if the price is more than 40,00 Euro, if no payment was made until notification of revocation. In all other cases shipment costs are covered by the seller. Obligations for payment are to be fulfilled within 30 days.
