

Please note: Currently **KlangKompass** is only available in German language version. An English language version will follow soon. Until released, please use the online **“Music search”** feature on this website which covers corresponding search features.

“My CDs/DVDs” Practical management of acquired CDs / DVDs: The search can be restricted to your own portfolio.

More effective search term function

Keywords become even more effective tools: You can also find different spellings for umlauts and ß, the new "and" operator enforces the presence of all keywords in the results.
